Subject: Application for the post of Software Engineer

Sir,
I am applying for the position of software engineer at your company, which was advertised on your company website.

I have worked as a system administrator at Therap BD Ltd. for last 9 months where I have developed my skills. Although I have greatly enjoyed this role, I am looking for new challenges that will provide me with the opportunity to further develop my career. I am enthusiastic and professional. I believe I would fit well into the company's team culture and contribute to the upcoming success of the company.

I have enclosed my CV to support my application. Thank you for considering my application. I look forward to hearing from you.

Yours sincerely,

Mohammad Mojahidul Islam
